

## CASSIS, FRANCE

Projet financé par la Commission Européenne dans le cadre du programme Corps Européen de Solidarité

### HOSTING ORGANISATION

Founded by American artist and philanthropist Jerome Hill, the Camargo Foundation fosters creativity, research and experimentation through its international residency program for artists, researchers and thinkers. Since 1971, Camargo has hosted nearly 1,000 people in residence working in the arts and humanities from around the world. Located in Cassis, on the shores of the Mediterranean, the Foundation offers time and space in a quality environment to think, create and exchange.

 Website : <https://camargofoundation.org/>

### MISSIONS

- Participate in the collection of contents from former residents (photos, testimonials) and inhabitants of Cassis
- Participation in the production of contents and communication medias for the website and social networks as part of the up coming 50th anniversary
- Raise public awareness of the history and activities of the Foundation through weekly guided tours and other public events and raise awareness among new audiences (retirement homes, schools)
- Training and participation in mediation tools (develop innovative proposals with the team)
- Reception, help and information for residents by providing them with the necessary information on Camargo, Cassis and the region
- Participate in the organization of periodic meetings with residents and events held at the Foundation
